● **Health Hazard Evaluations (HHE):**

An HHE is a study of a workplace. It is done to learn whether workers are exposed to hazardous materials or harmful conditions. On the basis of the information you provide, NIOSH responds to an HHE request in one of the following ways:

- NIOSH staff responds in writing with helpful information or a referral to a more appropriate agency.
- NIOSH staff calls to discuss the problems and how they might be solved.
- NIOSH staff visits the workplace.

To learn more about the NIOSH HHE Program, visit the NIOSH Web site at: www.cdc.gov/niosh/hhe/HHEProgram.html or call 1-800-356-4674.
